SUSTAINABLE SHIPPING

KIMO in the international Field

Presentation
25th September 2013

Wim Westerman
Chairman KIMO Netherlands and Belgium
KIMO is an international organisation for coastal municipalities.

The organisation has more than 150 members in 16 countries in Europe.
SUSTAINABLE SHIPPING

*KIMO in the international Field*

The name of the organisation is:

Kommunenes Internationale Miljøorganisasjon (KIMO)
Local Authorities International Environmental Organisation
Mission

KIMO is committed to the development of sustainable coastal communities by:

~ Preventing pollution of the seas and coastal waters in Europe and preserving, improving and enhancing them for future generations

~ Protecting coastal communities from the impacts of marine pollution and climate change.
KIMO in the international Field

KIMO engages with the most serious environmental threats using practical, diplomatic and research based approaches:

~ Through lobbying
~ Through demonstrative projects
~ Through research
I would like to discuss four subjects:

- Air pollution from ships
- Shore Power connections for ships in harbors
- North Atlantic and Arctic Shipping Routes
- Pollution of paraffin and other cargo residues
SUSTAINABLE SHIPPING

KIMO in the international Field

Airpollution from shipping
SUSTAINABLE SHIPPING

KIMO in the international Field

Shore power connections for ships in harbours
KIMO in the international Field

North Atlantic and Arctic Shipping Routes and exploitation of minerals
SUSTAINABLE SHIPPING

KIMO in the international Field

Pollution of paraffin and other cargo residues
SUSTAINABLE SHIPPING

KIMO in the international Field

We have a lot of resolution about different issues.

You can find it on the website www.kimointernational.org
Thank you for your attention

We wish you sustainable Shipping and a good conference
